

# *The Secret Of A* **BOUNCE**

**To fall rapidly, hit suddenly,  
and rebound decisively!**

The Secret of A Bounce presents an inspirational formula for recovery. You cannot prevent devastating events from happening. However, you can take control over the outcome. You can recover from a fall.

How you survive the impact and experience restoration determines your future. Sickness, divorce, weather catastrophe, a death, job loss and bankruptcy are just a few ways to experience a crisis. The important thing to remember is ... You Can BOUNCE!
