

# THE DNA OF Spiritual Warfare

Spiritual Warfare is necessary to combat and overcome demonic resistance to the Lordship of Jesus Christ. This begins in the personal prayer life of every Christian.

The lost are specifically described as being blinded by the Devil, and being his captives. Therefore, the Lordship of Jesus Christ must be established. The influence of the Devil upon the souls of men and women must be defeated supernaturally by spiritual warriors.

This book investigates “Kingdom Warfare” which is accomplished by the whole church, and “Personal Warfare” which is accomplished individually, by each believer.
